3PL Intelligence Ecosystem

Partnering with logistics and ecommerce industry leaders to transform 3PLs

3PL Central's partner network, flexible integrations, and developer resources provide customers with complete supply chain solutions on an all-in-one WMS platform for third-party logistics warehouses and their customers.

Complete Warehouse Solutions

The 3PL Intelligence Ecosystem offers customers flexible REST API / EDI integrations, developer resources, and shopping cart connectivity to fully automate warehouse operations.

- **Core Warehouse Platform:** 3PL Warehouse Manager, our warehouse management system, has an open platform that allows for movement of inventory, order and other data with 3rd party software.

- **Developer Resources:** Access a rich developer community with exclusive-use APIs, dedicated technical support, developer sandboxes, and thorough documentation.

- **Flexible Integrations:** 3PL Warehouse Manager can connect to shopping carts, TMS, EDI, and ERP systems for a complete WMS solution. any 3rd party software application with REST APIs, enabling developers to easily customize their WMS.

- **Carrier Integration:** Print labels from different carriers like USPS, UPS, and FedEx on one WMS platform from a pack station.

Core Features

3PL Intelligence Ecosystem includes:

- **Specialized Technical Support:** Get access to technical support with developer experts.

- **Exclusive-Use APIs:** Access to exclusive developer APIs to make integration easy and seamless.

- **REST API:** Integrate 3PL Warehouse Manager with any 3rd party software via HTTP/HTTPS.

- **Shopping Cart Connectivity:** Integrate with 3rd party shopping carts: Amazon, Shopify, and more.

- **Dozens of out-of-the-box integrations** available to connect to 3rd party applications.

Return on Investment

3PL Intelligence Ecosystem is:

- **Used by over 10,000** logistics professionals daily.

- **Over 7,000** connected endpoints with 3PL Warehouse Manager.

- **Save 100+ hours per month** on billing, shipping, and packing with a fully integrated solution.
